Key features

- Double power socket with USB charger
- 2x USB Type-A with 5 V@2.4 A
- 1x USB Type-C® with 5 V@3 A
- Protective contact socket for child-safe use
- Overload protection through integrated resettable fuse
- Silicone feet for non-slip stand
- Flexibility due to wall mounting option

Packing content

1x IB-MPS2220B-CH, 1x manual

Charging function with safety

IB-MPS2220B-CH is a power strip with two earthed sockets and three integrated USB charging ports. The two USB Type-A charging ports deliver a power of 5 V/2.4 A and the USB Type-C® charging port is specified for 5 V/3 A. The integrated overcurrent fuse disconnects the load if the load current permanently exceeds 16 amps. A blown fuse is indicated by the main switch of the unit. Resetting is done by switching the main switch off and on again.

Technical data

Model	IB-MPS2220B-CH
Article no.	60944
EAN code	4250078172727
Colour	Black
Material	Fireproof plastic
Number of power socket	2
Type of sockets	EU Type-F (CEE 7/3)
Safety features	Resettable fuse

Integrated charger	Yes
USB Type-A port	2x
USB Type-C® port	1x
USB Type-A power	5 V@2.4 A = 12 W
USB Type-C® power	5 V@3 A = 15 W
Power Delivery	No
System requirements	One free, household EU ~230 V power outlet

ICY BOX **IB-MPS2220B-CH**

Twin power socket strip with USB charger for desk or wall mounting

Turn 1 into 5

Multiply your possibilities. With just one free household socket, you have the option of using two additional EU 230 V sockets and you gain three additional USB charging ports, for example to charge your tablet, smartphone or smartwatch simultaneously with 12 or 15 watts.

Anchor point

Two elongated holes on the underside of the housing provide the option of mounting the socket anywhere you like, be it on the wall or on your desk. The 1.90 m long cable offers enough flexibility to fix the socket wherever it suits your needs.

Power at the touch of a button

With the on/off switch, the entire power strip can be switched on or off. When not in use, you simply turn off the power strip and save energy and money, while doing something good for the environment. The overcurrent protection integrated in the switch also ensures safety.

Logistical data

Packing unit: 20 pcs. / carton
Total weight: 12.00 kg
Gross weight: (with packing): 0.56 kg
Net weight: 0.46 kg
