Slow Cooker SC 2290

Cozy

Slow is good for you. With this slow cooker everybody makes delicious stews, sauces and soups, even the biggest dummy in cooking. Take all the ingredients, put them in your slow cooker, turn it on and 4 to 8 hours later you have the most delicious stew. And this without stirring or even looking at it. Moreover it is healthy since you don't need grease and economical since even the toughest meat becomes soft like butter.
